

“Need Skilled & Qualified Workers?” Sept 20 - Business Luncheon

Join us **Sept 20th** to find out why we should encourage and hire women in our industry.

Women Building Futures (WBF) is a labour force solution for employers in our industry.

WBF prepares women for industry careers through programs delivered in a one-of-a-kind \$12 million classroom and workshop facility in Edmonton. Graduates are pre-screened, prepared, and qualified for jobs in residential construction. Carpenters and electricians, with safety training.

Megan Bates, the Manager of Industry Relations, will show how their program and graduates can work for you. She will share testimonials from industry partners on the quality of the WBF graduates and show how your company can get involved!
