Re: CHBA-ER Annual Charitable Renovation Project

October is Renovation Month in Canada, and we are pleased to have members of the Canadian Home Builders' Association – Edmonton Region (CHBA-ER) take this opportunity to give back to the local community.

In support of Renovation Month, Renovator Committee Members look for opportunities to do what they do best: give new life to spaces through renovation. For this project, we are excited to partner with Uncles & Aunts at Large Edmonton Area Society this October to renovate their facility.

Uncles and Aunts at Large Edmonton Area Society provide mentor services for children. Through this organization volunteers offer companionship, mentoring and friendly support to children ages 6 to 18 who are from single family homes.

The society is situated in a home that needs a few upgrades, so it is more functional for the staff and the children.

We need your support for the Renovation Month project through donations, materials, and volunteers.

The scope of work includes a better storage solution for the basement kitchen, boardroom, and reception area. Upgrades to the basement and main floor bathrooms along with paint refresh throughout various areas of the home. There will also be some fence work completed on the exterior of the property. Lastly the wish list includes quality indoor or outdoor furnishings.

The renovation will bring functionality to the space by turning the home into an area that is safe, warm, and welcoming for new children.

If you are interested in donating materials, volunteering, or learning more about the Renovation Project, please contact Amanda Lwanga at amanda@lingerdesignstudio.com, if you would like to make a cash donation, please contact Marcia McDonald, Government Relations Manager, at mmcdonald@chbaedmonton.ca

Sincerely,

Laura Bruno
